- 4. What is Happening in the GWMA-Hood?** **8:15 - 8:30 AM**
Short updates on the GWMA news and what different groups and communities are doing or have experienced. Teresa Huntsinger has news on the Real Estate Transaction testing front. Allison Hensey will ask for comments on a plan to secure more funding for fertilizer efficiency research and education. Chrissy has an update on a major 'happening' potential. Denise will share news about the 1st recipient of the Tim Bunnell Community Hero award.
- 5. Lysimeter Results** **8:30 – 9:00 AM**
Susanna Pearlstein will present the latest in the on-going study of 12 actively managed fields, and the last years' lysimeter testing results.
Susanna Pearlstein, EPA, Benton SWCD
Jana Compton, EPA
- BREAK** **9:00 – 9:10 AM**
- 6. Groundwater Monitoring of the Southern Willamette Groundwater Management Area** **9:10 - 9:45 AM**
In the GWMA, we have noticed the variety of nitrate level fluctuations: so the big question is: What sort of trends do we see with water quality overall? How will we know when to declare success – or when to rescind the GWMA? This session will go over the results from the last two years and compare those to previous years data, and share the outcome of a GWMA staff session, where “*Noticeably Enthusiastic and Really Dedicated*” scientists (or NERDs) hammered through the data and made some great recommendations.
Audrey Eldridge, Oregon Department of Environmental Quality
- 7.) Nominations for Chair and Vice Chair** **9:45 -9:55 AM**
It is that time again, to choose the leadership for the SWV GWMA. Nominations will remain open until the next meeting.
Lanny Zoeller, Chair
